

WJTA-IMCA CONFERENCE AND EXPO

September 19-21, 2011

George R. Brown Convention Center

Houston, Texas

CALL FOR PAPERS

High pressure waterjet technology is exciting and challenging. New techniques and applications are being developed and used in the manufacturing, mining, construction, concrete, stone, aerospace, engineering, oil and gas, power plant, process, and medical industries.

The 2011 WJTA-IMCA Conference and Expo will bring together delegates from around the world representing a variety of industries. The WJTA-IMCA Conference is one of the most valuable platforms for a professional exchange in the field of waterjet technology. It is also an excellent opportunity to showcase your work, network with top professionals in the field, and learn about the latest hi-tech tools and equipment.

Share your expertise and new developments. Papers are solicited on these topics:

Abrasives, Water, and the Environment
Advanced Industrial Applications
Advances in High Pressure Technology and Equipment
Automotive and Aerospace Applications
Cleaning and Coating Removal
Components and Systems
Construction and Non-Manufacturing Applications
Contractor Applications and Processes
Demilitarization, including Removal of Land Mines
Drilling Applications
Excavation, Tunneling, and Mining Applications
Hydrodemolition

Hydroexcavation
Industrial Vacuum Equipment and Trucks
Jet Mechanics and Visualization
Jet-Material Interaction
Manufacturing Processes
Market and Future Needs
Novel Jets and Applications
Process Modeling and Control Studies
Rock Cutting
Safety, Training, and Environmental Protection

Papers accepted for the Conference will be published in the official Proceedings of the 2011 WJTA-IMCA Conference and Expo. All papers accepted for the Conference will be considered for the 2011 WJTA-IMCA Best Paper Award.

Submit your abstract online at www.wjta.org. Deadline for submission: December 31, 2010.

Please contact the WJTA-IMCA office if you have any questions.
